 Since LTU Po-cheng, 2 Field Army commander, is remaining in Peiping on duty and TEMG Hsiao-ping, commissar for the 2 Field Army, has no time for military matters while responsible for administrative matters of the Southwest China Military area Military and Administrative Committee, the Southwest China Military Area (SECMA) Commander had to move from Chengtu to Chungking. There it merged with the 2 Field Army Hoadquarters under HO Lung, who is SECMA commander and concurrently acting on behalf of the commander of the 2 Field Army. This move resulted in a shortage of housing and office space in Chungking and forced the transfer of some subordinate military organizations to Chengtu. The 2 Artillery School of the Revolutionary Military Council Artillery Command has now moved from Chungking to Chengtu. The school was established in December 1950, and the first class consisted of 300 recruited through advertisement (sic) plus 200 low-level cadre personnel drafted from artillery units of the 2 Field Army. This first class is scheduled to graduate in January 1952. The second group of 400 students entered the school in August 1951. As of December 1951, 900 students were enrolled.
